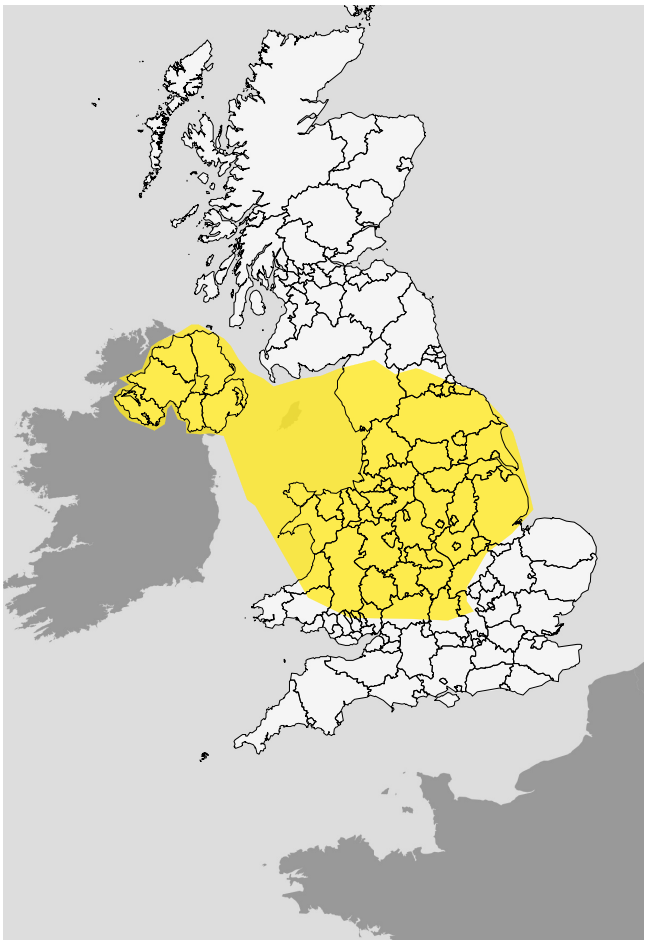
Thunderstorm

Between
13:00 Mon 16 May 2022 and
22:00 Mon 16 May 2022



Scattered thunderstorms will develop Monday afternoon bringing some disruption to travel in places

What to expect

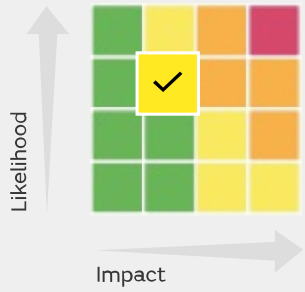
- There is a good chance driving conditions will be affected by spray, standing water and/or hail, leading to longer journey times by car and bus
- Delays to train services are possible
- Some short term loss of power and other services is likely
- A chance of some flooding of homes and businesses or some damage to a few buildings or structures from lightning strikes.

Further details

During Monday afternoon thunderstorms are likely to develop over parts of Wales and the Midlands before moving northwards into northern England and develop over Northern Ireland.

These are likely to bring some heavy rain to places with 20 mm of rain possible in 1-2 hours but also the risk of hail and thunder.

The thunderstorms will clear from the south during the afternoon then die out altogether into the evening.



Medium likelihood of low impacts
